CONNECTICUT ASSOCIATION OF  
**REALTORS**<sup>®</sup> INC.

January 2012

CAR Members, Affiliates and Friends:

CAR's Foreign Language Directory was all of two pages and represented only six languages before being resurrected several years ago. Not only has it grown in size and scope (19 pages – 55 languages), but demand for it has grown as well. The Connecticut Association of REALTORS<sup>®</sup> is proud to have opened the door to global opportunities for its members and the public. Here are just a few of our international efforts:

*Certified International Property Specialist Designation*

Certified International Property Specialist (CIPS) designation courses are now being offered in Connecticut. This program is designed to provide international real estate education to both residential and commercial real estate professionals. Currently, 24 Connecticut REALTORS<sup>®</sup> hold the CIPS designation.

*Ambassador Association Program*

CAR has been appointed by the National Association of REALTORS<sup>®</sup> as the U.S. Ambassador Association to France's Association for Real Estate Professionals – Federation Nationale de l'Immobilier of Paris, France. This relationship will help promote a strong code of ethics and may also help establish a system of referring clients from one country to another.

*International Insights*

CAR's new International e-newsletter "*International Insights*" is now distributed to all members twice a year and is full of valuable information to help better acquaint you with various aspects of the International real estate market.

*Future*

We are eager and enthusiastic about our international future. We continue to enhance the international section of our website which includes a searchable, downloadable version of this directory as well as informative international business resources and information on all of CAR's international programs/initiatives.

Regardless of where the future may take us, we look forward to our learning experiences and growth in the global market.
